The Online Books Page

onlinebooks.library.upenn.edu

<http://onlinebooks.library.upenn.edu/>

Description

Listing over 1 million free books on the Web.

The Online Books Page is a website that facilitates access to books that are freely readable over the Internet. It also aims to encourage the development of such online books, for the benefit and edification of all. The site is hosted by the University of Pennsylvania Libraries. The online books listed on this page have been authored, placed online, and hosted, by a wide variety of individuals and groups throughout the world.

Website Address

http://www.gutenberg.org/wiki/Main_Page

Description

Project Gutenberg offers over 38,000 free ebooks: choose among free epub books, free kindle books, download them or read them online.

Website Address

<http://books.google.com/>

Description

If the book is out of copyright, or the publisher has given us permission, you'll be able to see a preview of the book, and in some cases the entire text. If it's in the public domain, you're free to download a PDF copy (offer full-text access to thousands of books. You can limit your search to full access books in the advanced search options.)

Website Address

FullBooks.com

1. Topic, AIDS, Anatomy, Cardiology, Dermatology, Hematology, Infectious Diseases, Neurology, Oncology, Pharmacology, Radiology

Website Address

<http://openlibrary.org/>

Description

One web page for every book ever published. Open Library is an open project: the software is open, the data are open, the documentation is open.

Open Library is a project of the non-profit Internet Archive, and has been funded in part by a grant from the California State Library and the Kahle/Austin Foundation.

Website Address

<http://www.hathitrust.org/>

Description

Contains open-access book-length items.. A catalogue search, limited to Full View Only, brings up not only full-text materials, but a set of conditions by which you can limit your search (e.g. subject heading, date range, author, language). It also aggregates full-text materials from various sources and displays bibliographical information that may be more useful than Google Books.

Website Address

<http://www.readprint.com/>

<http://www.aupress.ca/index.php/books/bySubject>

Description

Athabasca University is the first university in Canada to create an open access scholarly press--AU Press. In keeping with its commitment to the principles of open access, AU Press reduces barriers to knowledge. Access to all AU Press publications is free over the Internet and, wherever possible, its publications are licensed with Creative Commons.

Website Address

<http://wac.colostate.edu/books/>

Description

The WAC Clearinghouse provides access to the books and books series. To date, 40 books are available on this site and additional books are in production. All books are available for free viewing and/or download. To view books, click on book covers, books series titles, or links in the new releases list.

Website Address

<http://globaltext.terry.uga.edu/books>

Description

The project will create open content electronic textbooks that will be freely available from a website. Distribution will also be possible via paper, CD, or DVD. Our goal initially is to focus on content development and Web distribution, and we will work with relevant authorities to facilitate dissemination by other means when bandwidth is unavailable or inadequate. The goal is to make textbooks available to the many who cannot afford them.

Website Address

<http://www.bartleby.com/>

Description

A comprehensive public reference library containing a searchable database of reference, verse, and classic literature

Website Address

<http://documents.un.org/welcome.asp?language=E>

Description

ODS covers all types of official United Nations documentation, beginning in 1993. Older UN documents however, added to the system on a daily basis. ODS also provides access to the resolutions of the General Assembly, Security Council, Economic and Social Council and the Trusteeship Council from 1946 onwards. The system does not contain press releases, UN sales publications, the United Nations Treaty Series or information brochures issued by the Department of Public Information. Please click on Help for more information
